

Diamond K Premium 92 Prill HA

Premium Gypsum and Humic Acids combined in a Soluble Prill

GUARANTEED ANALYSIS

Calcium Sulfate Dihydrate ($\text{CaSO}_4 \cdot 2\text{H}_2\text{O}$).....	92.00%
Calcium (Ca)	20.00%
Sulfur (S)	16.00%

Derived From: Mined Gypsum

GENERAL INFORMATION:

Diamond K Premium™ 92 Prill HA is a combination of *Diamond K's Premium 97™ Solution Grade Gypsum* and *Diamond K Premium Humic WSP* for use in bulk dry blends, row/side banding, and broadcast spreading. The prilled material flows easily through equipment, produces less dust than finely ground powders, and reduces caking in bags, hoppers, and spreaders.

Composition: This product is formulated at a rate of 40 lbs *Diamond K Premium Humic WSP* per 1,960 lbs *Premium 97™ Solution Grade Gypsum* (a 98% : 2% dry weight ratio. *Diamond K Premium Humic WSP* assays at 60% humic acid via the CDFA humic acid test method prior to blending.) Standard post-blend humic acid testing methods are not applicable to calcium-rich matrices due to Ca^{2+} -humate complexation. Supporting analytical and technical documentation is available upon request.

APPLICATION RATE FOR ALL CROPS

Apply *Diamond K Premium™ 92 Prill HA* at 100 -500 lb per acre per year. Consult your crop advisor prior to applications based on current soil sampling results.

COMPATIBILITY:

Jar test for compatibility prior to mixing with any pesticides, fertilizers or fertilizer blends. For unfamiliar mixes, an appropriate amount of the final mix should be applied to a small area of the intended crop to ensure plant compatibility prior to the planned application. The user assumes full responsibility to ensure product, equipment and plant compatibilities.

STORAGE AND HANDLING:

Avoid creating dust when handling. Prevent exposure to moisture.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

This product is not considered hazardous under the U.S. OSHA 29 CFR 1910.1200 Hazard Communication Standard.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. Buyer shall assume all risks of use including, but not limited to crop injury, ineffectiveness or other unintended consequences as may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of the seller. In no case shall Diamond K Gypsum, Inc. be liable for consequential, special, or indirect damages resulting from the use or handling of this product. Always refer to the label on the product before use.
